WHAT IS BYPASS?

- Bypass is funded by the London Borough of Bromley to work with young people, their parents and professionals. We offer advice, support and information to people who live, work or access services in Bromley.
- We work 1-2-1 or in small groups with young people who have issues/difficulties around alcohol or drugs, by offering advice, information and treatment. The service is flexible and the team offer a responsive service that covers the entire borough.
- We recognise that some young people may be concerned or worried about using a Drug Service and with this in mind, we use creative and innovative methods to work with young people, eg Music and Video workshops, sporting activities and many more.

SERVICES OFFERED:

- Free confidential drug support for young people
- Harm reduction
- Outreach service
- Tailored group work sessions for young people, which can be delivered at Schools, Pupil Referral Units, Youth Clubs, Churches or any other suitable venue.
- Substitute prescribing for young people using heroin
- Training for professionals - designed to build confidence in delivering drugs education to young people
- Referrals to other agencies for those with complex needs to ensure that there is a co-ordinated caring approach
- Parent Support available – contact the office
- Info available on Facebook – KCA BYPASS
